SPORTING & COMPANION DOG TRAINING

QK Signature Sporting Dog Training Programs

The QK campus encompasses 50-acres featuring a fantastic and diverse setting for an introduction to birds and gunshot with a state licensed year-round permitted shooting area for dog training. Our field obedience training teaches whistle commands, quartering skills, marking, steadiness, and retrieving with your dog(s) having the opportunity to learn to hunt classic New England covers on our own woodland courses. Dog(s) will learn to track and find a variety of game including quail, pheasants, chukar partridge and ducks.

	VISITING GUEST	GOLD/PLATINUM
Gun Dog Puppy Head Start Program <i>4-6 months old - 3 week program</i>	\$3,495	\$2,995

Continued Education Training (boarding add-on) <i>We welcome our past graduates to continue honing their gun dog skills while also offering opportunities for new or advanced training, or addressing specific areas of concern.</i>	Not Offered	\$90/day

SPORTING & COMPANION DOG TRAINING

QK Signature Obedience/Companion Dog Training Programs

Our all-encompassing program is dedicated to cultivating manners, patience, socialization, and establishing a strong foundation in obedience. Whether you're starting with our Puppy Head Start Program or advancing to our Complete Obedience On & Off Leash Program, tailored to adolescent and adult training, our programs are designed to address the unique requirements of your dog. The expansive QK Campus boasts ample indoor and outdoor kennel runs, fenced outdoor exercise areas, a 120x80 covered fenced in arena featuring the QK Challenge Course, as well as several designated patience line areas.

DOODLES & POODLES

Doodles are difficult to provide price quotes for. Consequently, when you ask for a price for your Doodle, we may provide a wide range. We will be able to give a more precise quote upon seeing your dog but no quote will be final until we have fully groomed your dog.

Pricing depends on several factors including, but not limited to:

- Dog’s size
- Length, type and texture of coat
- Frequency dog is groomed
- Desired style
- Condition of coat and/or presence of matting
- Dog’s behavior/temperament and how experienced he/she is with grooming

These prices do not include dematting.

VITA PLENA

Vita Plena Day Program

Includes:

Join an exclusive pack! Be one of only 10 dogs each day participating in our enrichment activities.

More than a play day in the country. Dogs spend most hours of their day outside in expansive play yards or enclosures. They may stroll casually around the campus on serene walks, enjoy woodland hikes, or even navigate our challenging obstacle course.

Dogs will start their day practicing self control with composure as they await their busy daily activities. Throughout the day they will enjoy a rotation encompassing playtime and exercise, individual attention, brushing, patience work, manners, and individual one-on-one leash work.

Monthly Packages Available: 1-5 Days Per Week

Daily check in: 7am - 9am; Daily pick ups: 3pm - 6pm

Vita Plena For Boarding Dogs

With Vita Plena, our boarding dogs do not get “bored”! We customize a rotating and ever-changing selection of physical and mental stimulation. ATV, woodland hikes or Casual County Strolls for exercise based on each dog’s age, size, and individual needs combined with patience work and manners, one-on-one leash guidance and group social time.

REHABILITATION

REHABILITATION PROGRAMS WITH DR. JENNEL APPEL

Virtual Musculoskeletal Assessment - \$200

Includes a comprehensive gait analysis, involving evaluation of the patient at a walk and trot, as well as body position while standing and sitting. Strength, balance and range of motion will be assessed while asking the patient to complete a series of simple land based exercises.

Required for all Rehabilitation Programs

Pre-Op Fitness & Post Op Recovery Programs

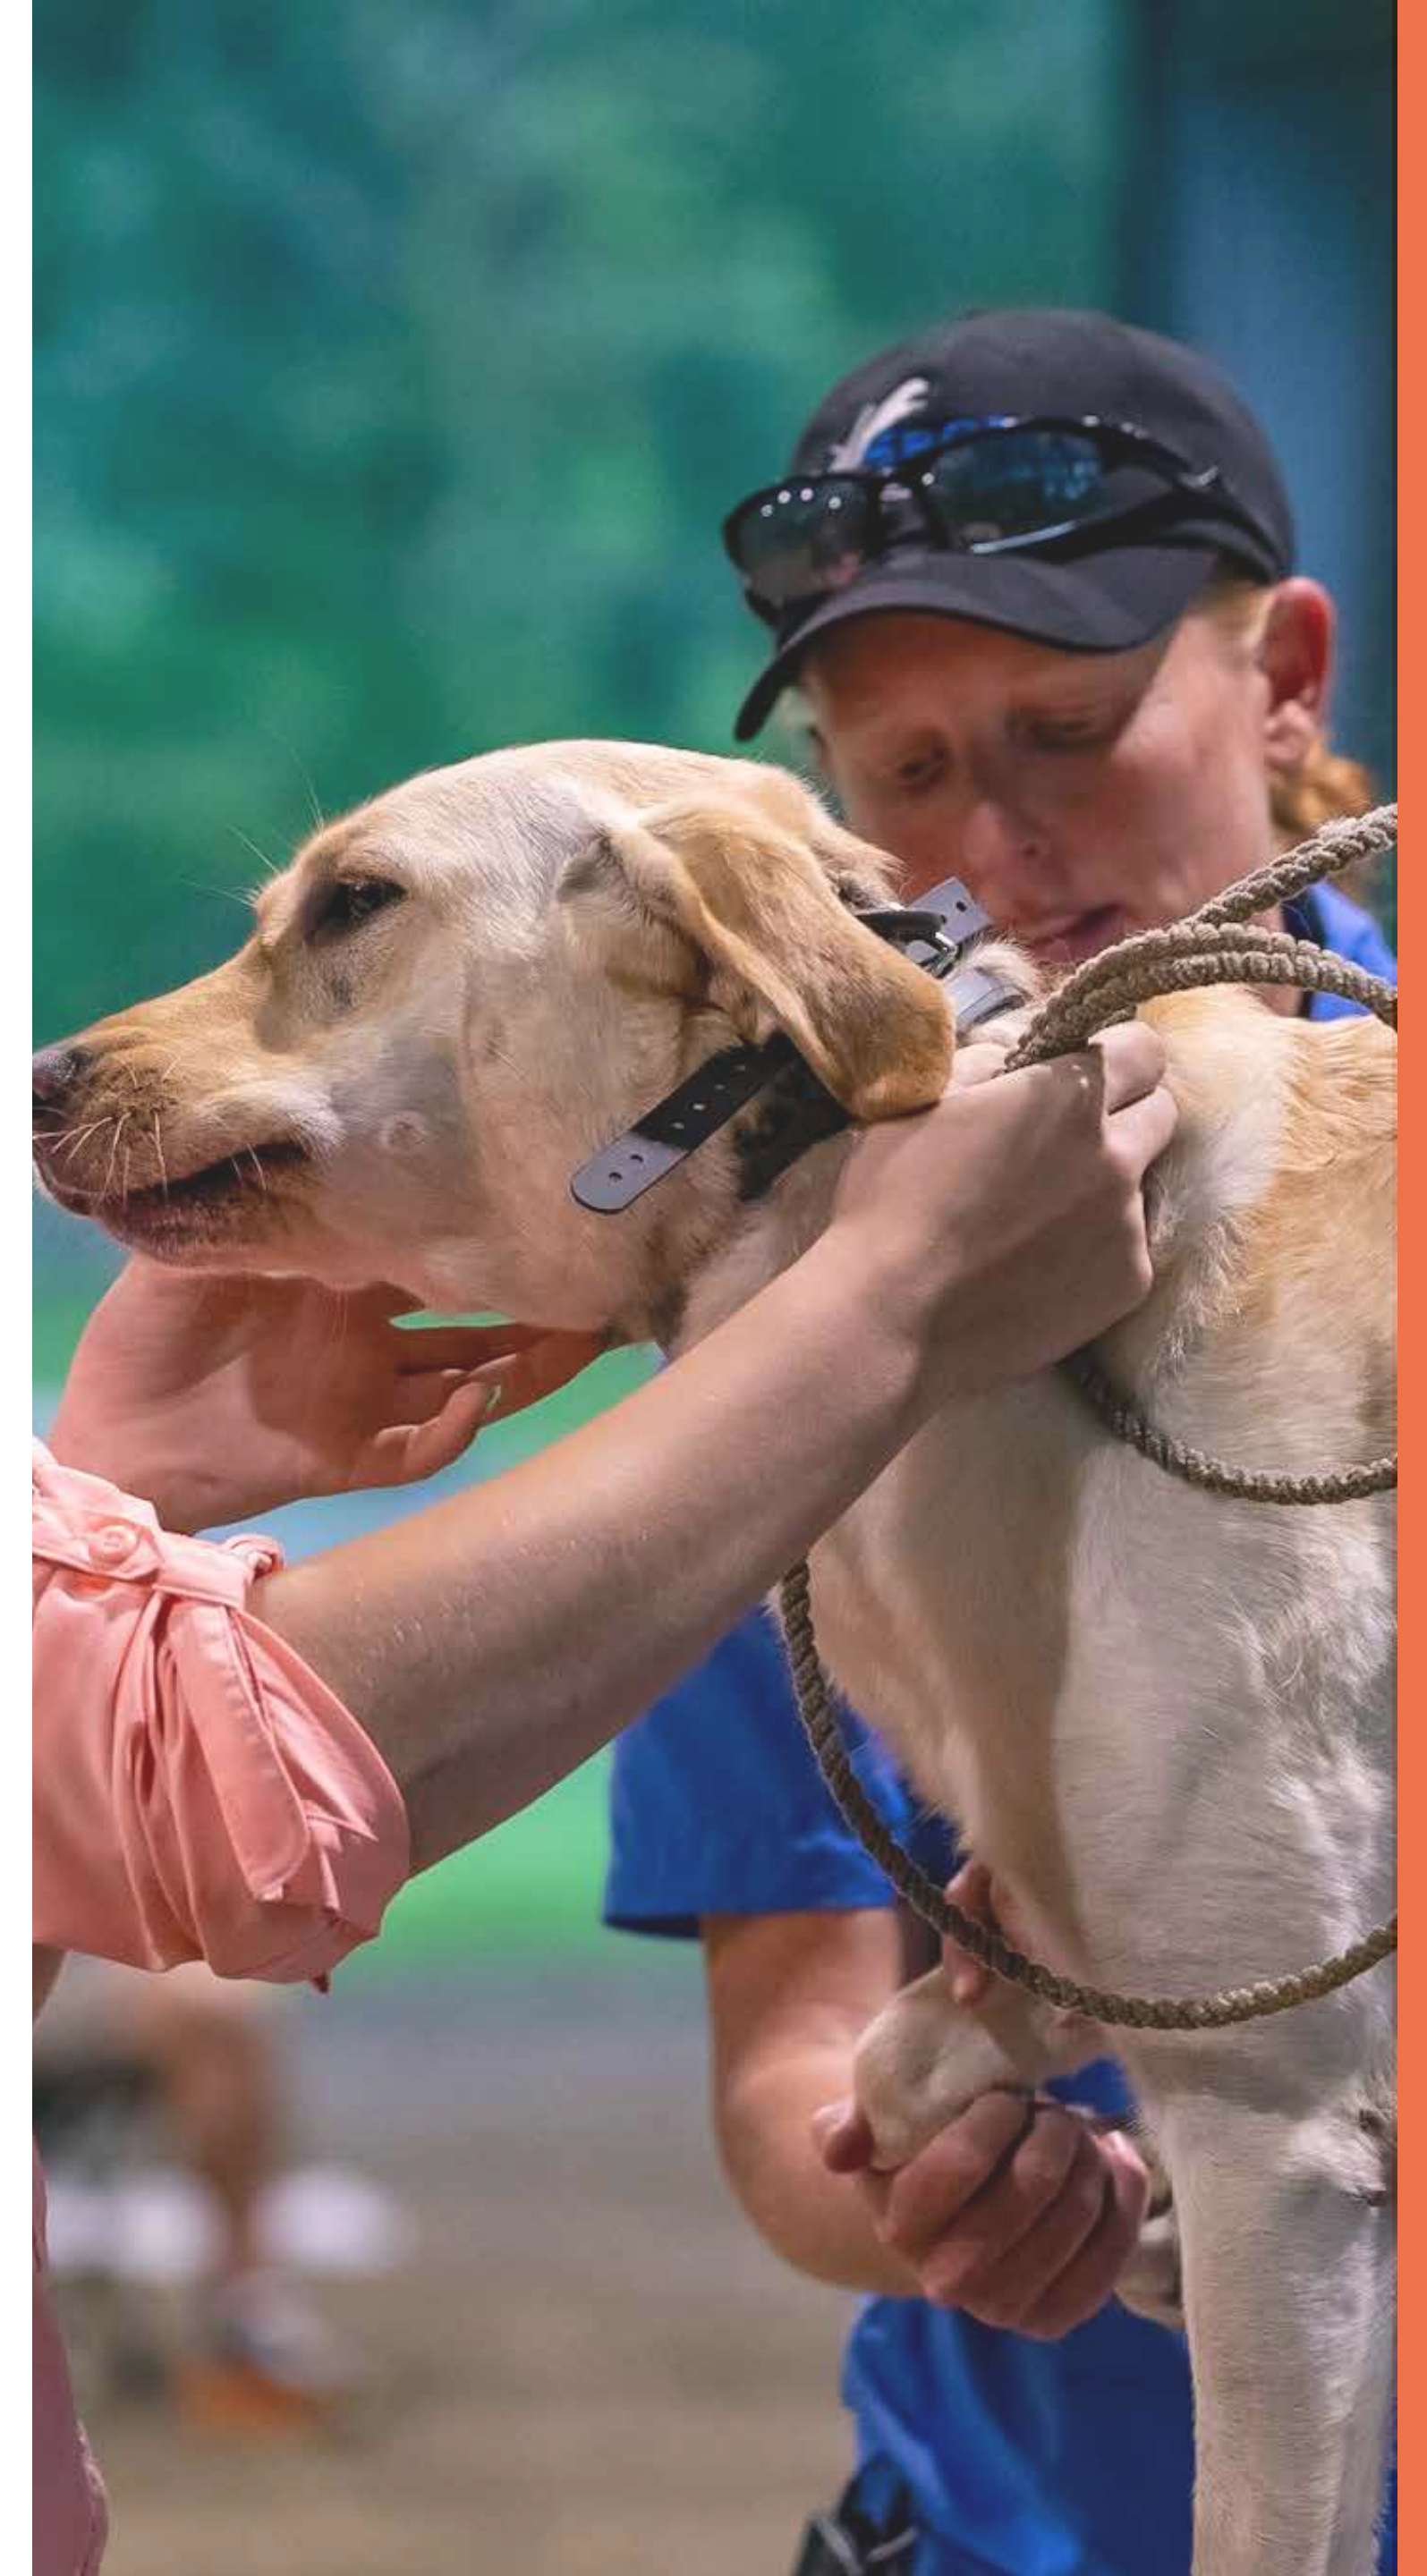

Considering initiatives like Pulsed ElectroMagnetic Fields, hydrotherapy aqua treadmill, ATV cardiac reconditioning, BIKO resistance band program and more. The services are focused on reducing inflammation and chronic pain while improving muscle strength and joint range of motion.

** Before enacting your dogs customized program, QK & Sport Vet will need full clearance from your veterinarian.*

CWP (Comprehensive Wellness Program)

As goals differ, our CWP will be invaluable whether you'd like your dog to be healthier again, or to recover from an injury, or to efficiently prepare them for an athletic event, or to simply have them be healthier. Depending on your goal, your personalized CWP may focus on improving their muscle mass or endurance, reducing weight, strengthening their core, or improving their flexibility, energy levels, and quality of life.

All rehabilitation pricing is tailor-made for your dog.

LASER THERAPY TREATMENT

Whether your pet is rehabilitating from an injury, healing from wounds, or simply aging, at QK we treat a variety of conditions with laser therapy – and, depending on your pet’s condition, relief is often evident within hours of treatment.

As with all our Rehabilitation services, prices will be determined based on your dogs needs. Here are a few services:

PEMF = PULSED ELECTROMAGNETIC FIELD

What is PEMF Therapy?

It works by providing pulsing electromagnetic fields to jumpstart and accelerate normal biological cellular reactions. There are no side effects and many times PEMF can be used in place of pharmaceuticals to treat long-term, degenerative conditions. Using PEMF is said to promote cellular exercise, increase oxygenation, and reduce inflammation, and also helps reduce anxiety and pain.
